What is the Brummel Park Neighbors Neighborhood Watch?

The Neighborhood Watch is a group of concerned citizens, working in cooperation with the Evanston Police Department, that wants to increase community involvement and neighborhood safety.

Watch members walk in pairs at random times - primarily in the evening - and use cell phones or radios to report safety issues to the appropriate authorities.

At the same time, Watch members work to build community by meeting neighbors and offering information on how to get involved. Watch members may be identified by logo t-shirts or identifying logo items.
